Data Analytics

Transform raw data into actionable insights

Competitive Analysis

We outperform competitors on accuracy and technical capability.

Feature	Nextract	Competitor A	Competitor B
Data Accuracy	99.9%	95%	92%
JavaScript Handling	Full support	Limited	Partial
Custom Solutions	Yes	No	Limited
Support Response	< 2 hours	24+ hours	12+ hours

Business Model

Flexible service delivery options to meet diverse client needs.

Data-as-a-Service

Regular data deliveries in your preferred format

API Integration

RESTful APIs for real-time data access

Custom Projects

One-time data extraction with fixed pricing

Pricing Factors

- Data volume and complexity
- Frequency of updates
- Delivery format requirements
- Level of data processing needed

Case Studies & Industries

We've delivered exceptional results across diverse industries.

E-Commerce Retailer

Challenge: Real-time competitor pricing across 5+ platforms

Solution: Custom scraping with daily updates

Result: 15% increased margin through dynamic pricing

Healthcare Provider

Challenge: Manual collection of clinical trial data

Solution: Automated pipeline aggregating data

Result: 80% reduction in data collection time
